REMARKS

Claims 10-15 and 25-36 are pending in the instant application. Claims 10-15 and 25-36 have been allowed. Claims 10 and 31 have been amended. No new matter has been added by these amendments. Reconsideration is respectfully requested in light of the following remarks.

I. Withdrawn Rejections

Applicants acknowledge that the rejections under 35 U.S.C. §112, second paragraph, have been withdrawn and the claims 10-15 and 25-36 have been allowed.

II. Quayle Action

The Examiner in this case has indicated that the corrected drawing submitted with the response dated June 25, 2004 was not present therein. Accordingly, a replacement sheet for Figure 1 is enclosed herewith.

It has further been indicated that the two nitrogen atoms in the phthalazine ring of Formula I of claims 10 and 31 were inadvertently omitted in the response dated June 25, 2004. Accordingly, Applicants have amended claims 10 and 31 to incorporate the missing nitrogen atoms.

III. Conclusion

The Applicants believe that the foregoing comprises a full and complete response to the Office Action of record.
